MARYLAND BOY CAUGHT AFTER 5-HOUR CHASE

John Robert Peomroy, 19, Frederick R. 2, was arrested early this morning in Littlestown on a charge of larceny after a five-hour chase that ended within a few feet of where it began.

Littlestown Police Chief Albert Miller was called to the Crouse garage at Littlestown at 11:30 o'clock Thursday night when two youths were seen removing horns from a truck, owned by the garage, and parked in front of it.

When the two young men saw the policeman coming they dropped the horns and ran. State police and a number of Littlestown residents joined in the search which extended through and around Littlestown and into Maryland.

Charged With Larceny

Noting that the youths had apparently left their car parked within a few feet of the truck from which they had removed the horns, the police chief kept watch for their return. When Peomroy attempted to get into his car at 4:30 o'clock this morning the chief nabbed him.

Charged with larceny before Justice of the Peace F. Loy Lindaman, Peomroy was placed in the Adams county jail in default of bail to await a hearing.

Littlestown police, who hope to nab Peomroy's accomplice in the crime soon, said today that the hearing will be held probably Saturday, and that it is hoped to have both youths appear at the same time.

Crouse's garage is owned by William "Bill" Crouse.

State Opens Drive Against Spread Of Paralysis Cases

Harrisburg, Aug. 3 (AP)—The State Health Department today opened a campaign to cut down the number of polio cases as the dread disease reaches its peak period of infection.

Dr. Russell E. Teague, state health secretary, said the campaign will continue until the season ends around Nov. 1.

"From now until then our main job will be to stress the preventive aspect to parents. If they'll just follow the simple rules of keeping their child from getting over-fatigued and keep them away from crowds and polluted swimming places, their chances of escaping unharmed are greatly increased," Teague said.

The secretary said the outbreak to date this year has not been as severe as in 1950. So far this year there have been 93 cases reported compared to 120 for the same period last year.

"But the season is just hitting its peak," he added, "and it is hard to say just what the future will hold."

Every child who comes in contact with the polio virus may suffer a slight spell of the disease.

"But the physical condition of the children," Teague added, "in the great majority of cases is such that they may feel a little displeasure and then throw off the effects. From then on they are generally immune."

"However, in those cases where the children are over-tired or in places where they shouldn't be, then the disease takes hold and causes paralysis," the secretary added.

Fairfield Firemen Cleared \$2,922.51

The monthly meeting of the Fairfield Community Fire company was held Wednesday evening at the fire hall with President Paul Myers presiding. Clarence E. Wilson, chairman of the carnival held in July, reported that the gross receipts amounted to \$5,284.59. The net profit realized from this affair is \$2,922.51. Two thousand dollars of this amount will be used to reduce the debt incurred for the purchase of the new fire truck, cutting the unpaid balance to \$3,000.

This meeting marked also the closing of the period for the payment of dues. According to the by-laws of the company, anyone who has failed to pay his dues on or before the date of the regular meeting in August is automatically dropped from membership. There are now 146 beneficial members and 29 non-beneficial members.

TWO ARE KILLED IN ACCIDENTS DURING JULY

Two persons were killed or died as the result of injuries received in traffic accidents in Adams county during July, one of them the victim of a motorcycle fatality, according to the monthly report of Sgt. Joseph E. Temple, in charge of the Gettysburg substation of the state police.

The number was the same as for July a year ago, Sgt. Temple said. There was one fatal accident and one killed in June.

Twenty-eight persons were injured last month, compared with 24 in June and 29 in July last year. Property damage for July, 1950, was estimated at \$9,625; for June, \$16,395, and July, 1950, \$19,205.

19 Criminal Arrests

State police of the Gettysburg substation made 135 traffic arrests last month. There were 19 criminal arrests. Accidents were almost equally spaced during the week, except for Wednesdays, Sgt. Temple said. There were five on Mondays during July, five on Tuesdays, only one on a Wednesday, four on Thursdays, four on Fridays, five on Saturdays and four on Sundays.

State police spent 284 hours during the month on criminal work, 1,177 on traffic work, 1,249 on station assignment and 172 on special assignments. They made 357 patrols, covering 20,035 miles by automobile; made 14 criminal investigations, 28 accident investigations and two other investigations.

STATE SPEAKERS TALK TO COUNTY SCHOOL GROUPS

Pennsylvania's record for safety in connection with school transportation is "impressive, but still not good enough," J. K. Bowman, advisor, Division of Consolidation and Transportation, Pennsylvania Department of Public Instruction, declared Thursday at the annual Adams county school-directors' convention and school bus drivers' institute at the South Mountain fairgrounds.

Bowman, speaking at the bus drivers' institute, told the group, "While only one fatality occurred last year in connection with school bus travel, that was one too many. Forty-four school children suffered minor injuries in accidents, and that figure, too, is too high."

"While Pennsylvania transports more than 300,000 school children each year, with proper safety measures and proper training in safety we should be able to do so without injury to any of the children."

Urges Safety Education

Pennsylvania has one of the best records in the U.S. in regard to the number of injuries to children riding in school buses, Bowman noted. He urged increased teaching of safety in the schools and increased driver education by the schools to help decrease the number of accidents.

R. Lloyd Jones, advisor on school business of the state Department of Public Instruction, speaking at the directors' convention, reported on legislation now before the Legislature. He told the group that the bill which seems most likely to pass is one extending the same subsidy for rent to schools constructed under municipal authorities as is now given to schools constructed under the state school authority.

At present the state pays a rent of 50 percent of the reimbursement fraction to schools built under the state school authority and pays nothing toward rental on schools built by local authorities. The new legislation provides for payment of the rental no matter what authority may have constructed a school building. Adams county school systems which have built a number of schools under the municipal authority plan and which thus receive no rental subsidy from the state have been urging passage of the bill.

Other State Speakers

H. C. Petteff, chief of agricultural education, state Department of Public Instruction, speaking at the directors' convention, compared conditions in Korea and Germany as seen by him in the last several years during trips made as a U.S. agricultural advisor to the two countries. The attitudes of the two peoples are completely different, Petteff said. He termed the Koreans "completely cooperative. They put forth a 100 percent effort of their own. They appreciate the help we have been giving them and work (Continued on Page 5)

FAMILY TO MEET

The 23rd annual reunion of the Yeingst-Yingst clan will be held Sunday, August 12, at the Mechanics Valley camp today for the seventh world Boy Scout jamboree.

The 10-day get together, only 20 miles from Austria's Russian occupied zone, will be opened tonight by Austrian Chancellor Dr. Leopold Figl and Col. John Skinner Wilson, director of the Boy Scout International.

The jamboree is dedicated to the principle of establishing friendship and understanding between boys who tomorrow will be the citizens and leaders of the free world.

Two days from now eastern Communism will stage its own world congress of youth in East Berlin.

But in contrast to the forced organization of the Communist affair with its controlled thought and precision marching, Boy Scouts preparing their jamboree worked in friendly democratic cooperation.

Nearly all delegations already were in the sprawling 74 acre camp spread out on the meadows beneath Austria's Alps.

The total number of nations represented among the 15,000 scouts who will finally come in is not yet known.

With the majority of 5,000 tents already erected, the scouts spent their morning either putting finishing touches to their encampments or getting to know each other.

Scottish boys in multi-colored kilts mixed with Dutch boys in their native clog shoes and wide pants, and American boys in Indian headaddresses mingled with Moroccan boys from the French colonies.

Five Burmese lads were clad in native skirts as they worked at their encampment.

The jamboree is split into seven subcamps with boys from the Austrian provinces acting as hosts in each.

SOLDIER VOTE COUNTED TODAY

President Judge W. C. Sheely and Associate Judge George P. Taylor completed the count of the soldier ballots for Adams county this morning, assisted by Clarence C. Smith, commissioner's clerk.

The six soldier ballots received, all Republican, failed to change any of the July 24 primary results. Those in the armed forces who voted include two from the Second ward, Gettysburg; one from Biglerville; one from the First ward, Gettysburg, and one each from the 2 wards at McSherrystown. Seven ballots were sent out, but only six returned.

All six of the votes were cast for Wayne Shields, candidate for the Republican nomination for prothonotary. Others were split. A. Dale Knouse, candidate for associate judge, received four.

The vote for county commissioner showed three for Clark Fetter, and three for Karl Smith; two for Mervin Benner and one for Willis Snyder.

In the Second ward, Robert Dear-doff received one vote for school commissioner, Kenneth P. Hull, two, and Jacob Applier, one. J. Calvin Shank received two votes for councilman.

The count of the soldier vote was begun at 10 o'clock this morning and completed in a half-hour's time.

BULLETINS

Washington, Aug. 3 (AP)—The army today announced the discharge of 90 U. S. Military Academy cadets for violating the "code of conduct." The army did not immediately disclose the nature of the violations.

Secretary of the Army Pace said he had approved the action upon recommendations made by a special board. The board was set up by Gen. J. Lawton Collins, Army Chief of Staff.

Washington, Aug. 3 (AP)—The Wage Stabilization Board today unanimously recommended that cost of living wage increases be allowed for all workers. Board policy up to now has been to allow them for workers who are under union contracts having "escalator" clauses.

Such clauses are those providing for automatic increases when the government's cost of living index rises.

Washington, Aug. 3 (AP)—The air force said today it is sending the first wing of F-86 fighter-interceptors, fastest of its planes in operation, to England. Up to now, there have been only two air force fighter (Continued on Page 2)

Home Talent Nets \$3.16 For R.C. Fund

The Adams County Red Cross flood relief fund is richer by \$3.16 today because of the efforts of five young thespians who reside at Marsh Creek Heights.

Thursday afternoon the youngsters, after several rehearsals, presented a matinee and evening performance of "Goldilocks and the Three Bears," which netted a profit of \$3.16 for the R. C. relief fund.

Roger Craver was the narrator; Nancy Wolff was Mother Bear; Michael Codori was Papa Bear; Forrest Craver was Baby Bear, and Mary Bruce Wolff was Goldilocks.

The histrionic efforts of the youngsters, whose ages range from 4 to 9, were generously applauded. Admission to the production was five cents; home-made soft drink, two cents and one pretzel a penny.

Staging was in the yard of Mr. and Mrs. Forrest Craver.

The church was decorated with gladioli, palms and candelabra. Baskets of white and red gladioli decked the altar and the couple stood under a white arch covered with ivy and white gladioli.

The wedding march was played by Mrs. Miriam Sanders and Roma Dayhoff sang "I Love You Truly" and "Because."

Red Answers Not Revealed

Joy closed Friday's sessions, the communiqué said, by posing "several searching questions in an effort to establish the general attitude of the Communist delegation toward a purely military armistice and the resultant cease-fire."

Red Replies were not disclosed.

The communiqué said North Korean Lieut. Gen. Nam Il, chief Communist delegate, "spoke for nearly two hours attempting to justify his previously expressed view that the military demarcation line should be fixed along a parallel of latitude rather than following significant terrain features which are militarily important to the security of the United Nations forces."

This was the first time that an Allied communiqué had specified the exact nature of the deadlock: The Red "political desire to subdivide Korea x x x along a parallel of latitude" versus the U.N. demand for "security of United Nations forces" along the "militarily important" line they hold along the Imjin river in west Korea and across the high hills of central and east Korea.

The U.N. line runs irregularly from a point in the west about ten miles south of the 38th Parallel, eastward to a point about 30 miles north of the parallel. Most of the actual battle line is roughly 20 miles north of 38.

Four Poles, One A Woman, Make Fighting Escape From Red Poland

Stockholm, Aug. 3 (AP)—A bullet riddled Polish training aircraft carrying four Poles, one of them a woman, landed at the Bulltofta airport, near Malmö, southern Sweden, today.

The Poles made their dramatic escape from Red Poland in a home-made plane less than 24 hours after 12 sailors of the Polish Navy staged a mutiny aboard a minesweeper and escaped to this country.

Preliminary reports from Malmö said the takeoff of the four Poles was preceded by a gun fight.

The three men and a woman were whisked away from Bulltofta airport in Swedish police cars.

They were taken to a camp for political refugees.

Reports from the airport said the four Poles escaped from an airport near Poznan at 3 a.m., after an exchange of fire with Polish Army guards.

Their plane was described as a makeshift affair with a Polish engine, wheels from a German Messerschmitt, several parts of Swiss origin and an American carburetor.

One report said a hatch in the bottom of the plane was blown open during the flight across the Baltic and the passengers were almost thrown into the sea.

U. N. Advance Headquarters, Korea, Aug. 3 (AP)—The Allies today pointedly reminded the Reds that United Nations warplanes and ships range at will far north of the Korean battle-front and must be taken into account in setting up any cease-fire buffer zone across the peninsula.

An authoritative source said the U. N. envoys emphasized this virtually unchallenged air and naval might during the deadlocked armistice negotiations at Kaesong.

U.N. Advance Headquarters, Korea, Aug. 3 (AP)—Allied delegates at deadlocked Korean truce talks demanded today that the Communists guarantee they will bring in no troops, planes or ships during any armistice.

Vice Adm. C. Turner Joy, chief United Nations delegate, opened the day's session on this point. There was no indication that the Reds gave a direct reply during the two hour and 35 minute session.

It was the eighth meeting devoted to trying to agree on a cease-fire line. It ended like all the rest: No progress.

A Communist reply to Joy's demand that the present balance of power be maintained could be expected at Saturday's session, scheduled to start at 11 a.m. (8 p.m. Friday EST).

Warships Shell Coasts

Brig. Gen. William P. Nickols, U.N. spokesman, reported that Joy emphasized ground forces alone do not constitute complete balance of power. Naval and air power must be taken into consideration.

Allied warships shelled targets on both coasts Friday and U.N. planes flew nearly 800 sorties. Only three Red planes were sighted.

Admiral Joy, a U.N. communiqué said, also "emphasized that the United Nations command would not relinquish its present military defensive position to satisfy political desires to subdivide Korea."

The Communists are insisting on a buffer zone along the 38th Parallel, old political boundary between North and South Korea. The U.N. demands a cease-fire line along the present front, which follows terrain that can be defended.

Red Answers Not Revealed

Joy closed Friday's sessions, the communiqué said, by posing "several searching questions in an effort to establish the general attitude of the Communist delegation toward a purely military armistice and the resultant cease-fire."

Red Replies were not disclosed.

The communiqué said North Korean Lieut. Gen. TRUCKER SAVED BY ENGINEER

Frederick, Md., Aug. 3 (AP) — A quick-thinking engineer pulled a truck driver from the burning cab of his vehicle after the train and truck crashed and caught fire at a crossing north of here.

State police said a truck driven by Robert Albaugh, 20, of Detour, Md., was on its way to the Rosebud Salvage Co. at Woodsboro yesterday when it was hit by the freight.

State Police H. P. O'Brien said the truck, carrying 2,000 cans, was dragged 300 feet down the tracks and that both the truck and the Pennsylvania railroad diesel locomotive caught fire.

Driver Is Dazed

O'Brien said that engineer Ralph A. Zech of York, Pa., seeing that Albaugh was apparently dazed and was making no effort to get out of the truck, leaped from the burning locomotive and pulled him to safety.

Albaugh was brought to Memorial hospital here with a broken right leg and undetermined head injuries. Zech was not hurt.

The truck was destroyed and the locomotive was disabled. A relief engine was sent from York.

The accident was at a crossing at New Midway, 12 miles north of here.

OHIO'S LAUSCHE STIRS POLITICOS

Washington, Aug. 3 (AP)—Political leaders, both Republican and Democrat, conceded today that President Truman and Gov. Frank J. Lausche of Ohio had them guessing.

Lausche, who has a habit of puzzling his Democratic party colleagues, did it again at the White House yesterday by announcing that he had urged Mr. Truman to run in 1952. The Ohio governor reported that the President smiled and thanked him.

Mr. Truman himself got off a political brow lifter earlier. He hinted at his weekly news conference that Gen. Dwight D. Eisenhower's duties in Europe would not interfere if the general is interested in politics in 1952.

The President said he believes Eisenhower, claimed by some in both parties as their favorite candidate, will put duty to his country first.

Lausche also brought up the name of Eisenhower, saying that the U. S. Governors' Conference wanted the general to be principal speaker next month at its conference at Gatlinburg, Tenn. He said Mr. Truman suggested that the governors contact the general directly. Lausche is chairman of the Governors' Conference.

Both Democratic and Republican party leaders here saw a possibility that Governor Lausche was making an early personal bid for strong Democratic party support for next year. Many expect him to oppose Republican Sen. Bricker of Ohio.

Both were smiling when they left the building.

W. Averell Harriman, President Truman's special ambassador who brought the two sides together, was not present. He was busy elsewhere working out details for the start of the conference.

Discover People Sign "Anything"

Newark, N. J., Aug. 3 (AP) — People will sign anything.

The Newark Star-Ledger decided this today after the newspaper sent reporters to the center of the state's largest city with petitions, which stated in part:

"That all our dreams and wishes shall henceforth be answered, that Mayor (Ralph) Villani, of Newark, and/or any and all members of the city commission be shot at sunrise

on any rainy Tuesday morning in any leap year."

One of three persons approached by the newsmen signed.

Mayor Villani, told of the results of the poll, smiled and said, "that's all right. Those people probably thought they were being asked to sign for a raise in pay."

AMERICAN LOOP LEAD AGAIN IN THREE-WAY JAM

By JACK HAND
(Associated Press Sports Writer)

Talk about traffic jams. The American league standing is in a jammed mess of Sunday drivers with everybody honking to go by. Only one game separates the speeding Yankees, Red Sox and Indians with eight weeks to go.

For the fifth time in 12 days the top three are only one game apart. Boston won two, Cleveland won one and the leading New York Yankees were shut out by Detroit, 6-0. Even Chicago picked up ground and now trails the Yankees by six games in fourth place.

Just the opposite in the National where Brooklyn opened up a 10-game gap on New York by bombing Pittsburgh, 10-5, while the Giants took it on the chin at Chicago, 6-3. The Phillies, in third place, 15½ games out, edged Cincinnati 7-5, and Boston and St. Louis played one of those "suspended games," called to let the Braves catch a train to Chicago, with Boston leading 7-3 in the last of the ninth. They'll complete it September 13.

Cain Stopped Yankees
Probably the top thrill of a busy day was Bob Cain's remarkable relief job for Detroit at Yankee Stadium. The curve-balling lefty saved Al White's shutout and first win—with a brilliant performance. Here's the picture: Detroit led 2-0 in the seventh. The Yankees had three men on, nobody out and the count was two balls-no strikes on pinch hitter Johnny Hopp. Then Cain replaced White.

Cain's first pitch was a ball. He followed with three curves to nip Hopp on a called third strike. Billy Martin and Gene Woodling fanned on sweeping hooks to retire the side. The slim lefty blew down the next six men in order in the eighth and ninth, striking out two more.

Long Homer for Doby
Heartened by Cain's job, the Tigers tore into Spec Shea for four in the eighth, three of them unearned because of errors by shortstop Martin.

Boston popped up with a new slugger in Charlie Maxwell. He hit a pinch homer with the bases full assuring the Red Sox of their second game sweep over St. Louis, 11-6. They manhandled the Browns in the opener, 12-1.

Larry Doby struck the longest homer seen at Washington since Babe Ruth hit one some 50 feet back of centerfield fence and into a tree in 1923. Doby's cleared the 35-foot wall, 408 feet from the plate in dead center in the fifth inning with Dale Mitchell on base to help nail down a 5-2 triumph.

Phil's Best Reds
Fleet Jimmy Busby hit a 10th inning homer for Chicago's 4-3 victory over Philadelphia. Big Gus Zernial smashed his 24th for the A's off winning Randy Gumpert in the fifth.

Andy Pafko led the power-packed Dodgers at Pittsburgh with a double and two singles that knocked in four runs. Pee Wee Reese hit his ninth homer and two singles and Duke Snider added three singles to the 14-hit attack.

The Phils hopped on Herm Wehmeier and Ken Raffensberger, who shut them out Wednesday, to come from behind with five in the eighth inning. Del Ennis' 13th homer assured the victory.

John Barnum Leads All-American Field

Chicago, Aug. 3 (AP) — Little-known John Barnum, owning a back nine Tam O'Shanter score of 29, today led a well-jumbled field into the second round of the \$15,000 All-American Pro Golf Tourney.

Barnum, 39-year-old 220-pounder, yesterday swiped the All-American spotlight from police-guarded Lloyd Mangrum with a sizzling 35-29-64 round, eight under par, for a three-stroke lead in the quest for a \$2,250 top prize. Deadlocked for the runner-up spot were Jimmy Demaret and youthful Fred Hawkins, each posting 67's.

Minnesota born Barnum, who resided in Edinburg, Tenn., and Chicago before taking his present job at Blytheville Country club, Grand Rapids, Mich., zoomed over the back nine yesterday one stroke better than the previous course mark of 30, set by the great Byron Nelson in 1945.

Barnum, who spent more than four years in the navy atop an aircraft carrier and a cruiser in the last war, has been a professional four years and never won anything more than the Michigan pro-amateur meet several weeks ago. In his four previous Tam O'Shanter starts, Barnum never finished better than 30th.

Sports Roundup

By WILL GRIMSLEY

New York, Aug. 3 (AP) — The meteoric tennis rise of Cincinnati's young Tony Trabert has put a new sparkle in the eyes of the little silver-haired court master — Walter Pate.

"He's the nearest thing to Budge I've seen," the former United States Davis Cup captain said today. "If he doesn't become one of our greatest players I'll be badly fooled."

When Pate speaks of tennis greatness he doesn't speak of Bill Tilden, Little Bill Johnson or any of the hard-stroking moderns — Jack Kramer, Ted Schroeder or Pancho Segura.

He speaks only of Budge, the tall California redhead who ruled amateur and later professional ranks in the late 1930's.

"Budge undoubtedly was the greatest player I ever saw," Pate said. "I played against Little Bill Johnson and even have trophies I won with Tilden. But none compared with Budge."

"He has everything — tremendous power, a great service, a fine net game, stamina and a bulldog competitive spirit."

"Why, did you know that after winning his first Davis Cup match in 1936 he never lost a decision in cup play. During 1937 and 1938 he was unbeaten, playing all over the world against the greatest stars of the day."

"Tilden was a remarkable athletic specimen, a great back court player and a wonderful showman. But he lost matches in his prime to secondary players and I think records show that Vinnie Richards beat him as much as he beat Richards."

"Johnston could whale the daylights out of Tilden for two sets but he was ill and weak. He didn't have the stamina to beat Tilden in five. "Budge, on the other hand, had no weakness."

Pat, now well past 50, was non-playing captain of the United States Davis Cup team from 1935 through 1947. He was a ranking player a generation ago.

The Bisons will have three weeks and three days to prepare for the opener against Gettysburg college at night on September 22 at Hershey. Following the encounter with Gettysburg, the Bisons will take on Muhlenberg, Lehigh, Kent State, Buffalo, Lafayette, Temple, Colgate and Delaware in that order.

PLAYOFFS TONIGHT

The semi-final playoffs for the community softball league championship will continue this evening at the Recreation park with the Glenn L. Bream garage meeting the Moose at 7:30 o'clock followed by the game between Stanton Legion and Texas Lunch. The games will be the second in the three-game eliminations between the squads. The Bream and Stanton Legion teams won the first games.

MANY CONTESTS SCHEDULED FOR LOCAL LEAGUES

Four leagues will battle over this week-end and for two of them the battles will mark the end of the regular season.

The South Penn will have but one contest — a postponed tilt that marks an extension of the regular league season, and the results of that game will mean an even further extension of one week before the title eliminations series can begin.

Green Springs will play at Hunterstown Saturday afternoon in a game that will decide who ties who in the loop. So close were the first five teams in the league that no matter who wins Saturday, one or more ties will result. A victory for Hunterstown will put it in a tie with Bruchtown for first place and Green Springs in a tie with Gettysburg for fourth place. If Green Springs wins Hunterstown will be in a tie with Granite for second place. Those ties will be played off Sunday, August 12, the scheduled date for the beginning of the title series between the first four teams. The start of the championship series was postponed until August 19.

All-Star Tilt
In the meantime there will be plenty of activity in the South Penn on Sunday. At 2 o'clock Sunday afternoon the annual All-Star game between the teams of the South Penn league will be held at Bruchtown to take advantage of the covered grandstand and excellent field there. Proceeds from Sunday's game between the leading players of the circuit will be turned over to players in the circuit who were injured during the playing season.

The Mason-Dixon Junior baseball league will complete its regular schedule Saturday with the Hanover Kiwanis at Hanover Legion and the Gettysburg Eagles at Littlestown Legion. First place possession will be determined in the game at Hanover. The two York county squads currently are tied, with percentages of .800, for the top spot.

Other Games
However the end of the season will not mark the end of baseball for the Mason-Dixon league. It still has a number of postponed games to play.

The Pen-Mar league will have a full schedule — and be nowhere near the end of its season. The loop has six more games to play, ending its season September 3. Sunday's games include Westminster at McSherrytown, Cashtown at Littlestown, Fairfield at Thurmont, and Taneytown at Emmitsburg.

The Penn-Adams league still has three weeks to go but Sunday's game may place Bendersville in a position where the worst that could happen to it would be a tie for the top spot. And the Bendersville squad seems scheduled to gain that win the easy way unless Heidlersburg changes its announced plans to forfeit all games from here on in. Bendersville is scheduled to meet Heidlersburg Sunday while Mummarsburg, the third place squad, will be at Wrensville. Wrensville holds second place in the circuit.

Idaville Defeats Shippensburg, 4-3

Idaville moved back into the win column Thursday night with a 4 to 3 victory over the Shippensburg Legion. The win put the Idaville squad to within a half game of the lead of the Cumberland county baseball league.

Shippensburg took an early lead, scoring two runs in the second inning and another in the third, but was unable to score after that. Idaville secured its first two runs in the sixth and added the second two in the seventh on a pair of squeeze bunts. Idaville had five hits and two errors, Shippensburg six hits and five errors. The batteries were Walters, Cump and Wetzel for Idaville and Pechart and Sheaffer for Shippensburg. This evening the Shippensburg Legion will play at Idaville.

The Gettysburg Midget baseball league brought its regular season to an end Thursday at Recreation Park with the White Sox defeating the Cardinals 11 to 8 and the Phillies winning 8 to 7 over the Yankees.

Just when the loop will begin its playoffs was unknown today, with the dates for play in the midget league to be worked out in connection with the nights needed for the playoffs of the community softball league.

The league leading White Sox came from behind to keep their record perfect for the entire regular season. The Cardinals pushed one run across in the first and five more in the second to lead 6 to 5 going into the third. Two runs in that inning by the White Sox put the winners ahead and a nine run fourth inning made the victory absolute.

The Phillies trailed 5 to 4 going into the fourth inning in that game, then added two runs in the next inning to go ahead. The Yankees came back with two in the fifth to go ahead once more, and then the Phillies added two runs in their half of the inning to win the game.

Interstate League

(By The Associated Press)

The Hagerstown Braves won two games from the York White Roses last night, 6 to 1 and 4 to 3. The double victory gave them a five-game Interstate league lead over Allentown's Cardinals, who split a twin bill with Lancaster.

Andy Bush, the Braves' star hurler, posted the first win, and credit for the 10-inning nightcap triumph went to Bill Allen.

The Lancaster Red Roses downed Allentown 4 to 2 in the opener and then were swamped 10 to 1 in the afterpiece on a four-hitter by Dave Manier. The Cardinals piled up 14 hits in the finale, three of them home runs. Rightfielder Bill Killinger got two round-trippers and catcher Ed Christoff one.

Lloyd Lundeen, bonus pitcher from the University of Minnesota, hurled the Sunbury Giants to a 2 to 0 victory over Harrisburg's Senators. He surrendered six hits, Jim Freeman, the Harrisburg moundsman was even stingier with safeties, giving up only four, but errors by his teammates nullified his good work.

The Wilmington Blue Rocks, fighting valiantly to stay in the pennant race, downed the dungeon-dwelling Salisbury Athletics, 6 to 2 and 4 to 2. The wins gave the Rocks a one-game edge on Lancaster for third place and placed them 9½ games behind high-stepping Hagerstown.

The Military Academy at West Point had only 10 cadets when it was opened, July 4, 1802.

Give Cops Dime To Phone Headquarters

Ithaca, N. Y., Aug. 3 (AP)—In addition to a revolver, a nightstick and handcuffs, Ithaca policemen now have another "must" item to be carried on duty—a dime.

The city has issued each cop a dime to be used periodically to call headquarters from a telephone pay station while on his beat.

When the officer identifies himself to the telephone operator, the dime is returned—to be

HOW LITTLE WE KNOW!

When we look over this beautiful earth and realize all that we have read or learned about it, even then we can acknowledge that we know very little. Little by little man has studied and applied his discoveries and experiments in such a manner that great developments have resulted.

It would be a good thing if many of us would start out by saying that we know next to nothing and begin all over at scratch. We might begin our exploration with a blade of grass, or a maple leaf. Each is a thing of wonder. Look at that leaf in its maturity and then note its skeleton in the late autumn when it falls from its nest in the tree to the earth for its final resting place. What a thing of beauty and magical construction!

When we investigate, seek to discover, and do things that arouse our sense of wonder and pride in life, then we are truly learning. Everything we accumulate is something on which we can build. I am still mystified by the commonest flower plucked by the wayside, or a rock formation picked up along the shore of a body of water.

The late Dr. George Washington Carver astonished the world with what he proved could be done with a peanut. In many another way he left behind him discoveries that have enriched millions of people. Yet he never boasted of his revelations. He gave all credit to God, to whom he prayed fervently, and acknowledged as his one great Teacher.

Before me as I write in my little cabin is a vase of daisies, clipped but a few feet from where I write. How exquisitely beautiful—garbed in their gowns of perfect waxlike white, and their centre of an intricately woven pattern that resembles most of all something that a gold worker could only create. Two colors, but what a contrast—perfect! You look at these charming little friends of the outdoors and you feel insignificant, for no human being on all the earth could so create.

How little we know, but how wonderful that we can keep learning and discovering new things of wonder every day of our lives!

Tomorrow Mr. Adams will talk on the subject: "Power Through Repose."

WISDOM

The price of wisdom's paid in years
And failure's sting and sorrow's tears.

In tested faith through times of doubt,
Pity, and often courage stout,
Full understanding's seldom gained
Until both heart and mind are trained.

Youth into hasty judgment leaps.
But age its verdicts longer keeps
And patiently takes time to heed
The hidden motives of a deed,
For it has learned, though great or small,
That faults are common to us all.

Men gain experience from strife;
Not from a college, but from life.
Through loss and gain a man must go
To learn what youth can never know,
And see with understanding eyes
Before he can be truly wise.

To Try To Coax Dad Out Of Mountains

Durango, Colo., Aug. 3 (AP)—Will a 56-year-old prospector from Oregon shoot his favorite daughter if she approaches the cliff on which he's perched 22 miles northwest of here? That was the big question today as authorities sought a way to persuade Millard Carmean not to carry out his written threats to fire on anyone approaching too close to the 250-foot cliff.

The daughter, Mrs. Charlene Smith of San Diego, Calif., arrived here last night and is willing and anxious to try to talk to her father. Sheriff Chester Petty planned to take the 18-year-old Mrs. Smith into the really rough cut mountain country sometime today in hope her father will let them get close enough to talk to him. They don't want him to use the 38-calibre pistol with which he is believed to be armed.

Carmean left notes reporting that he was going into the mountains of southwestern Colorado and warning everyone to stay away. They were found Tuesday by his brother, Norman, of Durango.

Claims Tax Bill Will Be Killed

Pittsburgh, Aug. 3 (AP)—State Senator John Walker, leading opponent of Governor John S. Fine's proposed one half of one per cent income levy, predicts the Senate finance committee will kill the bill for all time Monday.

Walker said there is no indication that GOP senators lined up against the bill have changed their minds. The measure received a luke warm reception in the House although it finally was passed and sent to the Senate.

In an effort to revive the income tax levy and have it enacted into law, the governor has conferred with several Republican leaders in the past few days. Walker was not invited to the conferences.

Walker, however, said he is hopeful of some sort of compromise tax program being worked out "after the income tax bill is killed."

The spokesman said all parties agreed on a general wage increase of 12 cents an hour, with an undisclosed part of the boost to be put into effect immediately.

The remainder of the wage raise is subject to approval of the National Wage Stabilization board. Union representatives were not reachable immediately for comment.

NEGRO KILLS 3 THEN SUICIDES

New York, Aug. 3 (AP)—Four persons died by gun and knife today in a quarrel among relatives and neighbors.

Police said a drink-crazed laborer killed his sister, his girl friend and a man friend of the sister, and then shot himself to death.

All the victims were negroes. The two women were badly butchered with a razor. The sister's male friend was shot and mutilated with a razor.

Police said the slayer was Carron Luchie, 28.

His victims were:

Mrs. Ella Ellem, 23, his sister who lived with him.

Elizabeth Kibbles, 24, Luchie's girl friend.

Charles Crump, 47, who police said was a neighbor and friend of the sister.

2-Issue Quarrel

Police said the slayings in South Jamaica, Queens, grew out of an argument over two issues: the sister's objections to the presence of the girl friend whom Luchie took to his home at 1 a.m.; and financing the purchase of a new car.

After the slayings, police said, Luchie went to the home of his mother, Mrs. Anna Luchie, 50, and at gunpoint forced her to accompany him back to his home.

There he made her look at the three bodies, and threatened to kill her and himself. The mother ran out of the house, took a taxicab home and notified another daughter, Mrs. Rosalie Burwell, who called police.

Before police were able to break into Luchie's locked home, they heard a shot. They found Luchie dead with a bullet wound in his head.

Police said Luchie was 28.

EXCHANGE OF VISITORS WITH RUSSIA URGED

Washington, Aug. 3 (AP)—Senator McMahon (D-Conn.) has proposed an exchange of visitors between Russia and the United States; a congressional delegation for the 14 members of the Soviet Politburo.

The congressman, McMahon told the Senate yesterday, could tell the Russian people "about the peaceful and friendly desires" of the American people.

And the Soviet leaders "could x x decide for themselves whether the American people want peace or war."

McMahon set forth the suggestions in a Senate speech late yesterday. He said he would like to see Congress approve resolutions endorsing both of the trips he proposed.

The Connecticut senator told a reporter today he wants to discuss the matter with his colleagues before deciding whether to sponsor such legislation.

Not Too Enthusiased
"I tossed out an idea," he said. "Let's wait a bit and see what happens."

McMahon indicated, however, that he would be perhaps the most surprised man in America if Stalin and company said come ahead and we'll be over to see you, too.

His lack of optimism was pointed up by a round of sharp criticism he fired at Soviet leaders for failing to publish in Russia a resolution, already approved by Congress, expressing American friendship for the people of Russia.

"By refusing to publish this expression of friendship by the American Congress, the Soviet government has committed a crime against peace," declared McMahon, chief sponsor of the resolution. "The Kremlin crowd are now self-confessed war mongers."

As a general rule quality of offerings improved over earlier in the week and water fairs were a little less noticeable. Usual complement of buyers was present and trading in most slaughter departments was fairly active. Support on cows and bulls was largely due to the small amount of stock on sale but the run consisted of steers and stock cattle.

Slaughter steers strong to mostly 25c higher basis compared with last Monday but some sales generally agreed to show advances of 50c or more. Couple of small lots of prime 941-1072 pound slaughter steers, \$37.50 up; odd lots of high-choice and low prime yearlings, \$36-37, but most of the good steers and calves including grainfed on the grass offered.

CHINESE REELS GET MORE AID

Washington, Aug. 3 (AP)—Senator O'Connor (D-Md.) says a Danish-owned ship, Marie Skou, recently carried "many tons of strategic materials to Red China."

He said the vessel left Antwerp, Belgium April 28, and arrived at Whampoa, China, on June 10 with railroad rails, X-ray films, ignition coils, automobile parts, telephone cables, copper wire, boiler tubes and new rubber tubes.

O'Connor, chairman of a Senate export controls subcommittee, made his disclosures in a statement yesterday.

He said Danish embassy officials here told him the Marie Skou was chartered by a Czechoslovakian government-controlled agency prior to the May 18 United Nations resolution banning shipments to China.

O'Connor said he was advised the Danish government is considering whether there are any grounds for abrogating the charter contract.

O'Connor said his subcommittee's information indicates that "similar situations obtain involving shipments in vessels registered under other western flags."

with violation of the federal narcotics laws at an arraignment which lasted from 1:30 a.m. to 2:30 a.m. (EST).

Waxey Gordon—born Irving Wexler—was named by Saypol as "the source for the west coast" of dope arriving here on ships from Europe and the Near East. Gordon and his three co-defendants, all New Yorkers, were seized on Manhattan's East Side by ten federal agents and city detectives.

The bail set by U. S. Commission Edward W. McDonald: Gordon—\$250,000; Samuel Kass, 39, who gave his occupation as "gambler," \$100,000; Benjamin Katz, alias Benjamin Kassop, 35, an unemployed machinist, \$100,000; and Arthur Repola, 23, an unemployed chauffeur, \$50,000.

Washington, Aug. 3 (AP)—Senator Martin (R-Pa.) says he believes Gov. Thomas E. Dewey's early support of General Dwight D. Eisenhower as a presidential candidate is hurting the general's chances.

"It's unfair to him," Martin asserts. "And furthermore, Eisenhower is in no position to discuss issues—it's unfortunate to push the candidacy of the general at this time," Martin told a reporter last night.

Uncle Sam Makes Half Million Error

Washington, Aug. 3 (AP)—Jay Biesser, 18-year-old Rockville, Md., high school student, asked the government for a tax refund of \$21.88. He got a government check for \$508,666.26!

Calling yesterday to find out what it was all about, Biesser was told it was all a big mistake. A Treasury Department spokesman said a check writing machine operator probably punched the serial number instead of the correct amount.

Johnstown, Pa., Aug. 3 (AP)—The federal government must direct the fight against communism, Senator Herbert O'Connor (D-Md.) chairman of the Senate's Crime Investigating committee, declared here last night.

O'Connor, addressing a convention session of the Pennsylvania Sheriff's association, hit at gambling and drug rackets in the United States, then launched into an attack against communism.

EMERGENCY AID TO SCHOOLS CUT

Harrisburg, Aug. 3 (AP)—Proposed funds to aid distressed school districts in Pennsylvania the next two years have been cut by nearly a half-million dollars.

The Department of Public Instruction originally requested a total of \$750,000 for aid for destitute school areas. The House Appropriations committee reduced this however to \$270,000.

The appropriation bill will be up for final passage in the House next week.

An administration spokesman said the distressed school aid fund cut was made possible by new legislation giving destitute districts new

powers to raise money locally.

Two bills now up for final House passage would allow distressed school districts to increase their maximum real estate tax rates from 20 to 35 mills, and rates on taxes other than property from 10 to 15 mills.

Some 90 local school districts applied for emergency financial assistance to the state last year.

The word "spinster" comes from the old custom which decreed that girls spin their trousseaux before marriage.

START QUIZ OF TRUMAN JUDGES

Washington, Aug. 3 (AP) — A Senate subcommittee today starts digging into the fuss between President Truman and Senator Douglas (D-Ill.) over two federal judgeship appointments in Chicago.

Douglas wants to block Senate confirmation of Mr. Truman's choices: Cornelius J. Harrington and Joseph J. Drucker. The senator had recommended two other men. He and Mr. Truman agreed on a third: Joseph Sam Perry.

Perry will be heard first when the Judiciary subcommittee today begins considering the nominations.

The Perry hearing likely will be brief. The fireworks are expected to start when Harrington's name comes up, immediately afterwards.

Drucker's hearing is scheduled for tomorrow.

Senate tradition is on Douglas' side in the dispute. The Senate seldom confirms a nominee whom a senator from the state involved declares to be "personally obnoxious" to him.

Douglas has said he intends to apply this term to "the methods and manner by which the appointments were made" instead of to Harrington and Drucker themselves.

The Smithfield church recently purchased a new bus for transportation from outlying districts in a successful program that has been in operation for 18 months. The church has an active program including an annual school of missions. Last September a Bible conference was inaugurated. Former pastorates Mr. Brownlee has held include First Baptist church of Cambridge Springs, Lockport Baptist church of Lewistown and a student pastorate at Mill Creek, Pa.

As soon as negotiations are completed, the Gettysburg Baptists will move into their own building. Until that time, they will continue to use the Odd Fellows' hall with mid-week services in the homes of the members. Sunday school will be at 7 p.m. and worship services at 8 p.m. The Baptist Laymen's Hour is broadcast each Sunday morning at 9 over WGOT.

EARNING A LIVING
Luke 12:13-21 2 Thessalonians 3:7-10
Memory Selection: Take heed and beware of all covetousness; for a man's life does not consist in the abundance of his possessions.

Luke 12:15
Our lesson opens with the emphasis not on making a living but on the attitude of one whose living is

already assured. It closes with the admonition that all men should be ready to earn their living. Jesus and Paul are the teachers.

Beware
As usual a crowd had assembled to hear Jesus and one man approached Him with what appears to be a demand rather than a request: "Teacher, bid my brother divide the

inheritance with me." Evidently there was a dispute between the brothers. Jesus declined. He was not a judge in such matters. It was a case for the court. The man was very likely not so eager for justice as greedy to obtain all he could. At any rate, Jesus took the opportunity to give warning against a very ugly quality often found in men—covetousness. The word strictly defined means a desire to obtain what belongs to another; envy, avarice and greed are all a part of it. Jesus employed his favorite method of teaching, the parable. A certain rich man succeeded so well in his farming that he decided to pull down his barns and build larger ones. Having stored

up plenty for years to come he would take it easy, "eat, drink and be merry." So the man planned, but God said: "Fool! This night your soul is required of you—So is he who lays up treasure for himself, and is not rich toward God."

The teaching of the parable is plain. Greed and selfishness will have their own disappointing reward. No doubt there were less fortunate neighbors, even very poor people, with whom the rich man might have shared his goods; worthy causes to which he might have contributed. A young pastor struggling to establish a mission Church came to an owner of five excellent farms. The man could give no help. Up-keep

required all his income, he said. It did not occur to him to sell a farm and help build a church. Our man of the parable was no doubt wise in the ways of farming, industrious and thrifty—all fine qualities; and there is no wrong in acquiring wealth. The test comes in using wealth; there is where he was a "fool." He was utterly selfish; he reveled in the thought of purely personal enjoyment when he might have planned to use his wealth in ways that would have made him "rich toward God." And it is well to remember this: covetousness is not a sin of the rich alone; a poor man may covet, be greedy and selfish in mind and heart. It is the attitude of the soul (Continued on Page 8)

Do you hope he gets away with it?

Suppose it were an automobile he was taking; would you still want him to get away with it? What the boy is doing is very human, isn't it? But is it right or wrong?

All through our lives we have to think whether it is right or wrong to undersell a competitor, to use power politics, to hold back some of the truth, to . . . well, to do a thousand different things. Those who want to build a better world are constantly concerned with the problem of right and wrong.

The Church, too, is vitally concerned with that problem. Its leaders and its followers have spent long hours studying, praying, living, to find the best and truest answers. The Church has good, realistic answers to the questions of right and wrong, answers all men need, answers that, if followed, will build a better world.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

STATE NEUTRAL ON OLEO BILL

Harrisburg, Aug. 3 (AP)—The state Agriculture department today adopted a "hands off" attitude toward new legislation to permit the sale of colored oleomargarine in Pennsylvania.

Miles F. Horst, agriculture secretary, told a reporter he would decline to take a stand for or against the bill "because I want to be fair to everybody."

The department has been outspoken in previous sessions of the Legislature and during the present session to bills which have been introduced to allow the sale of colored oleomargarine.

At the same time, the Pennsylvania State Grange renewed its opposition to any legislation legalizing the sale of colored margarine.

"Our position is," said Secretary J. K. Mahood, "that any legislation legalizing the manufacture of yellow oleo would be in violation of the pure food law of Pennsylvania. We are going to ask for a hearing on these bills."

The Hippocratic Oath is a pledge of professional ethics taken by graduates of medical schools.

ZWINGLI CHURCH TO PLAN PICNIC

The Mite Society and the Youth Fellowship of Zwingle church, East Berlin, will have a joint meeting and motion picture on the church lawn at 9 o'clock Tuesday night. The joint consistency of the East Berlin charge will meet Thursday evening at St. Paul's church, Red Run, at 8:30 o'clock. The young people's classes of St. Paul's will meet Thursday evening with Harry McGregor, near Kralltown.

The food sale by the junior choir of Emmanuel church, Hampton, has been postponed until August 11. It will be held at Schimmel's store. The Mite society of St. John's church, New Chester, will meet Monday evening at the parish hall to plan the annual picnic August 17. The Willing Workers of St. John's will meet Friday evening in the parish hall.

STATE SPEAKERS

They seem to have little idea of democracy, nor much desire for it. They are willing to accept our money and our equipment, but seem to put little heart into the efforts they must make to match our contribution."

Dr. William B. Grove, president of the state school directors' association, outlined the work of that organization in a talk given before the directors.

Games for the adults at the directors' picnic were under the direction of Mrs. Guy Wenk, Mrs. Charles I. Raffensperger, Mrs. Letha Hartman and Mrs. Luther Horick. Games for children were directed by a committee comprising Mrs. Thalia Clapper, Miss Nancy Lighter and Mrs. Lloyd Garretson. Three hundred attended including 90 directors and 53 bus drivers.

Work For Your Living

In his poem "The Gospel of Labor," Henry van Dyke has this line: "The Lord of Love comes down from above to live with the men who work." There are rewards for work in addition to the "living" it provides. It is wise to count the blessings that attend useful and honest toil. The ancient Hebrews (of whom Paul was one) required each boy to learn a trade. "He that hath a trade in his hands is as a vineyard that is fenced," was a proverb. The thought was that a man could earn his living and so not depend on charity, or be tempted to steal. Also, robbers might take his vineyard, if he had one, but could not steal his trade.

Paul's trade was that of a tent-maker which was taught by his father. He works at it even in the midst of his heavy itinerary as a missionary preacher. He worked for two reasons: That he might not depend on charity, and that he might be an example. He was emphatic about working: "If any one will not work, let him not eat." The necessity and the joy of working are still

How you May Gain New Strength—Feel Younger

When you are run-down — low-spirited — have sleepless nights — no energy — "nerves" — poor appetite, don't be discouraged! Chances are you are just not getting your full daily requirements of the necessary vitamins and minerals from the food you eat.

What you should do is try FERRIZAN—the new dietary supplement and reconstructive tonic. FERRIZAN not only gives you your full quota of many of the essential vitamins but also supplies the equally important Iron for the blood and Iodine for the ductless glands plus needed Calcium and Phosphorus.

Often in ten days you may feel the difference; your friends notice it. Back comes your appetite — you should actually feel the urge to eat. Nerves can grow steadier; work easier; you may sleep more soundly.

So why delay? Why not decide now to take FERRIZAN for 30 days and see for yourself just how wonderful. Costs you only a few cents a day. Money refunded if not completely satisfied, says "Peoples Drug Store."

May we suggest a Sitting?

No doubt about it—you'll make a mighty handsome picture in a strapping new '51 Buick.

But it isn't the way you look, but the way you feel that's really important.

We'd like you to discover a Buick's ease and comfort, a Buick's power and performance, a Buick's steadiness and control—just to see if maybe you have been missing a travel treat.

We'd like you to discover what a valve-in-head engine—gingered with Fireball combustion—can mean in pulse-pounding thrill and in big miles-per-gallon figures.

We'd like you to learn what coil springs on all four wheels—not just the front ones—can do in the matter of smoothing a rough road and keeping you on a level keel.

We'd like you to see what generous roadweight and a rigid torque-tube mean in solid steadiness of ride—what Dynaflo Drive* does for you in downright comfort and convenience—what a breeze it is to handle so big and roomy and impressive a car.

Most of all, we'd like you to note the easy-to-take price tags our cars wear—what a whale of a lot more automobile you get for your money

in today's Buicks than you'll get elsewhere.

So—come in for a sitting soon, won't you? Whether you try a SPECIAL, SUPER or ROADMASTER, you'll find it the top buy in its field—and a beauty from any angle.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

NO OTHER CAR PROVIDES ALL THIS:

DYNAFLO DRIVE*—saves strain on driver and car

FIREBALL ENGINE—high-compression, valve-in-head—gets more miles from every tank of fuel

PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection

WHITE-GLOW INSTRUMENTS—greater clarity at night

TORQUE-TUBE DRIVE—seals the chassis, steadies ride, improves driving control

4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs

DUAL VENTILATION—outside air fed separately to right or left of front compartment

SELF-ENERGIZING BRAKES—hydraulic—multiply pedal pressure five times at brake drum

DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepers on most models

Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

When better automobiles are built
BUICK will build them.

OWLETT CAN'T SEE DUFF WITH POWER IN 1952

Harrisburg, Aug. 3 (AP)—G. Mason Owlett, Republican National Committee member, said today he saw little chance for Sen. James H. Duff to control the Pennsylvania delegation at the 1952 GOP National convention.

"The junior senator (Duff) from Pennsylvania will have pretty great difficulty in controlling the delegation," Owlett told a newsman.

Endorses Martin
Owlett, president of the Pennsylvania Manufacturers association and a chief aide to former U.S. Sen. Joseph R. Grundy, also endorsed U.S. Sen. Edward Martin for re-election next year.

Gov. John S. Pine, he added, will likely receive the backing of his faction of Pennsylvania Republicans for the chairmanship of the 66-man state delegation to the 1952 convention at Chicago. "The governor of the state is traditionally the chairman of the delegation and I'm for Governor Pine," he asserted.

Owlett, asked if he thought Duff would make a fight of it to retain

leadership of the party, replied: "That leadership is non-existent."

Duff for Eisenhower
Owlett and Duff have been at odds since the inauguration of Duff as governor in 1947. At that time, the big, sandy-haired executive told Owlett that he could not go along with a tax program suggested by the Manufacturers association.

The 1950 primary election saw an acrid battle between the two. Duff, who ran with Pine on a ticket opposing Grundy-Owlett candidates, soundly thrashed the so-called "Old Guard" and acquired leadership of the party for the 1950 general election.

The antagonism between Duff and Owlett will play an important role in determining whether the ex-governor will be able to swing the presidential delegates to Gen. Dwight D. Eisenhower for the nomination.

Philadelphia, Aug. 3 (AP)—An hour after it had been put into operation, a new \$25,000 sub-station of the Philadelphia Electric company in nearby Plymouth township was swept by fire.

A blast blew off three doors of the new building yesterday as it began providing electrical power for suburbs north of city line and west of Germantown pike. Firemen from two volunteer companies fought the resulting blaze for about an hour before bringing it under control.

FINE HAS ONLY FIVE PLANKS NAILED DOWN

Harrisburg, Aug. 3 (AP) — Only five major planks in Gov. John S. Pine's 1951 legislative program have succeeded so far in clearing the General Assembly.

Nearly all the other important administration bills are piled up in the senate as temporary victims of the bitter republican spirit over the proposed state income tax.

In contrast with the Senate log jam, the House has cleared all administration legislation from its calendar with the exception of a few minor bills. Because of this, there are reports that the House may keep only a token crew of members in the lower chamber after next week pending settlement of the Senate tax fight.

Try For Do-Or-Die Vote
However, some top lawmakers are reported eyeing late August as a final adjournment date even though the tax dispute is not settled by then. Administration leaders are planning to attempt to force the income tax bill to the floor next Monday for do-or-die vote.

The one-half of one per cent levy ran into a GOP snag in the Senate after passing the House last April.
